

Women Medical College Abbottabad

Dated: 27/05/2023

Student Exchange Policy

As required by the Pakistan Medical & Dental Council (PMDC), the curriculum of the undergraduate medical & dental education program must have an elective policy for MBBS & BDS. Students of WMC are welcomed to apply for electives abroad and within the country. The policy is as under:

1. Students need to apply to the Department of Medical Education & Research (DMER) at least 4 weeks in advance specifying the time frame of the electives in order to obtain NOC from WMC.
2. Students will be assessed by the DMER, WMC after being selected by a national or international elective program. The DMER will refer the case to the Principal after assessment for approval and for NOC from the college.
3. Only students of 3rd, 4th & final year MBBS and 3rd & final year BDS will be given NOC to join an elective program.
4. Students will be allowed for such programs only during summer and winter vacations.
5. Students will be allowed for such programs during the course period if written permission is granted by the HOD/s of the concerned teaching department/s (This period will be counted as leave).
6. Students will be required to complete a minimum of 2 weeks and a maximum of 8 weeks taking electives at another institution.
7. Four students are allowed per annum nationally at WMC's expense & and internationally at their own expense. The college will facilitate in documentation and admission.
